

# ***No Hold On Me***

You may try to steal my joy  
You may think you have my peace  
but I'm here to tell you devil  
to get thee behind me  
I stand in the Name of the Lord  
who gives me victory  
so you better know it devil  
that you have no hold on me

*(chorus)*

It's Jesus, through Jesus  
who gives me peace  
and restores my joy  
I stand in the Name of the Lord  
who gives me victory  
so you better know it devil  
that you have no hold on me

You've tried for many years  
to destroy God's people  
but we're here to tell you devil  
you're headed for trouble  
we'll stand in the Name of the Lord  
who gives us victory  
so you better know it devil  
that you have no hold on me
