

John Saw the Lord Jesus

Jim Dempsey, copyright 1998. SpiritSongs Ministries

John saw the Lord Jesus, John saw the Lord Jesus
John saw the Lord Jesus and He was way up in the air
John saw the Holy City, John saw the Holy City
John saw the Holy City and it was way up in the air
There were twelve gates into the city, twelve gates into the city
Twelve gates into the city that was way up in the air
There were streets of gold in that city, streets of gold in that city
Streets of gold in that city-that was way up in the air
There was no night in that city, no night in that city
No night in that city that was way up in the air
They're waitin' for us in that city, waitin' for us in that city
Waitin' for us in that city that is way up in the air
Are you goin' with me to that city, goin' with me to that city
Goin' with me to that city that is way up in the air
